Curriculum Details	
Curriculum type : Local	
Curriculum planning	
<p>Revolving around the children's interests and development, with the "Child-oriented" focus, we cater to improve their abilities in a creative and enlightening environment to show their talent and capabilities. In order for children to gain a balanced development through life experiences, sensory contacts, various exploration activities and fun games, both biliterate and trilingual game based learning.</p> <p>We will follow the "Kindergarten Education Curriculum Guide" (2017) to plan curriculum. Children of nursery classes will not be asked to write, and there will not be mechanical copying exercises and drills on calculation.</p>	
Learning / Teaching approach & activities	
<p>By using topic-based implementation of "comprehensive activities" to integrate their knowledge and understanding of various disciplines. With the combination of the school and parents organization, we incorporate the concept of "project learning" to acquire and strengthen their knowledge through games, site visits and other activities.</p>	
Assessment of children's learning experiences	
<p>The children's assessment outcomes are recorded on a continuous basis; with their learning history organized in our systematic filing system.</p>
